

CALIPER REPAIR KIT CATALOGUE

About us

Elerte is one of the largest independent brake caliper remanufacturers in Europe. We have the ability to supply to any country in the world and from our distribution centres in Leicestershire in the UK and near Kielce in Poland we can serve the local markets quickly and efficiently.

Our experienced multilingual team is available every day to deal with your sales enquiries and to answer any technical or logistics related questions.

Alongside our range of remanufactured calipers Elerte stock an extensive range of aftermarket repair kits for all caliper variants. All our products are fully tested and manufactured to exacting standards in ISO 9001:2015 approved facilities to ensure they are a direct replacement for the original components.

We are also proud to announce that we recently opened a dedicated production and distribution centre for repair kits in Konya, Turkey which will extend our worldwide supply capabilities.

Quality, flexibility and service are our core values and it is our mission to deliver these core values to highest possible standard.

The Elerte group is extremely proud of our achievements so far but continually strive to improve in all areas so that we deliver first class products and service to our customers.

Elerte would like to thank all our customers for their continued support in Poland, the UK and all other markets around the world.
